CITY OF BULLHEAD CITY

FINANCE DEPARTMENT

2355 Trane Road
Bullhead City, AZ 86442
(928) 763-9400 TDD (928) 763-9400

December 19, 2025

TO: The Honorable Mayor, Members of the City Council,
and Citizens of the City of Bullhead City, Arizona

The Annual Comprehensive Financial Report (ACFR) of the City of Bullhead City, Arizona (the City) for the fiscal year ended June 30, 2025 is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City.

Baker Tilly US, LLP, has audited the City of Bullhead City financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Bullhead City for the fiscal year ending June 30, 2025 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditors' report is presented as the first component of the financial section of this report.

The City is required to undergo an annual single audit in conformity with the provisions requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit, including the schedule of expenditure of federal awards, findings and recommendations, and the auditors' reports on the internal control over financial reporting and compliance with applicable laws and regulations are included in a separately issued report.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Bullhead City's MD&A can be found immediately following the report of the independent auditors.

GENERAL INFORMATION - CITY OF BULLHEAD CITY

Bullhead City is located in west-central Mohave County on the east side of the Colorado River in the tri-state area of Arizona, California and Nevada. Among Arizona's fastest growing communities, it is the sister city to Laughlin, Nevada and just 90 minutes south of Las Vegas.

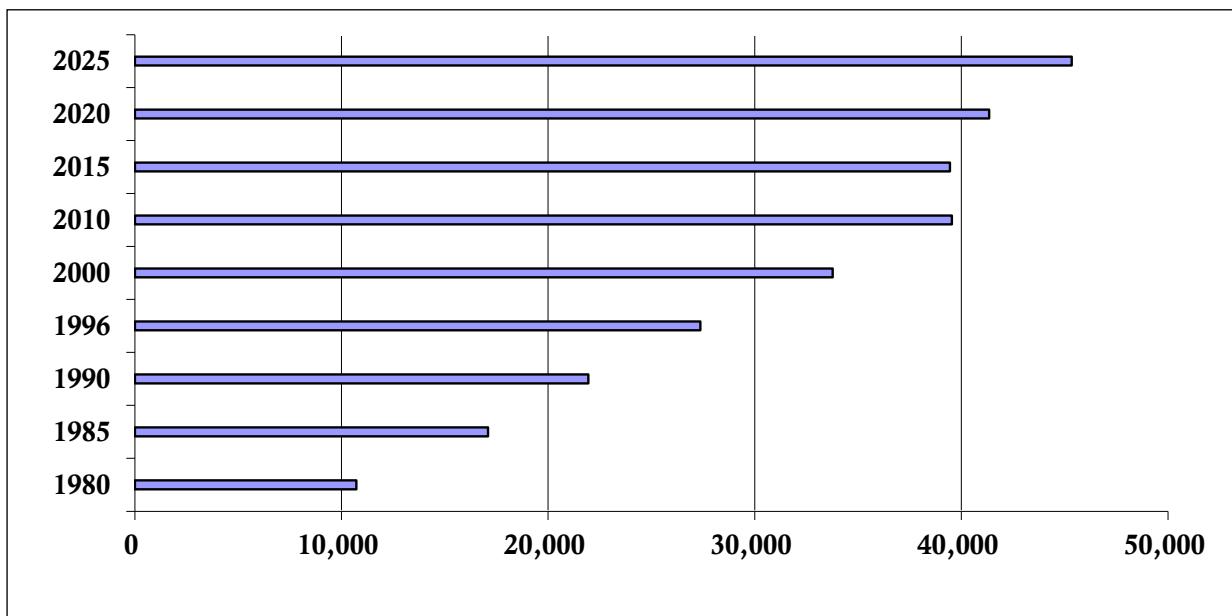

The early human settlement of the Bullhead City area began with the Mojave Indians and then transitioned to the American soldiers who inhabited Fort Mohave in the 1850-60's.

In 1945 Bullhead City was the headquarters for the construction of Davis Dam. The city name was derived from its proximity to Bullhead Rock, now largely concealed by Lake Mohave.

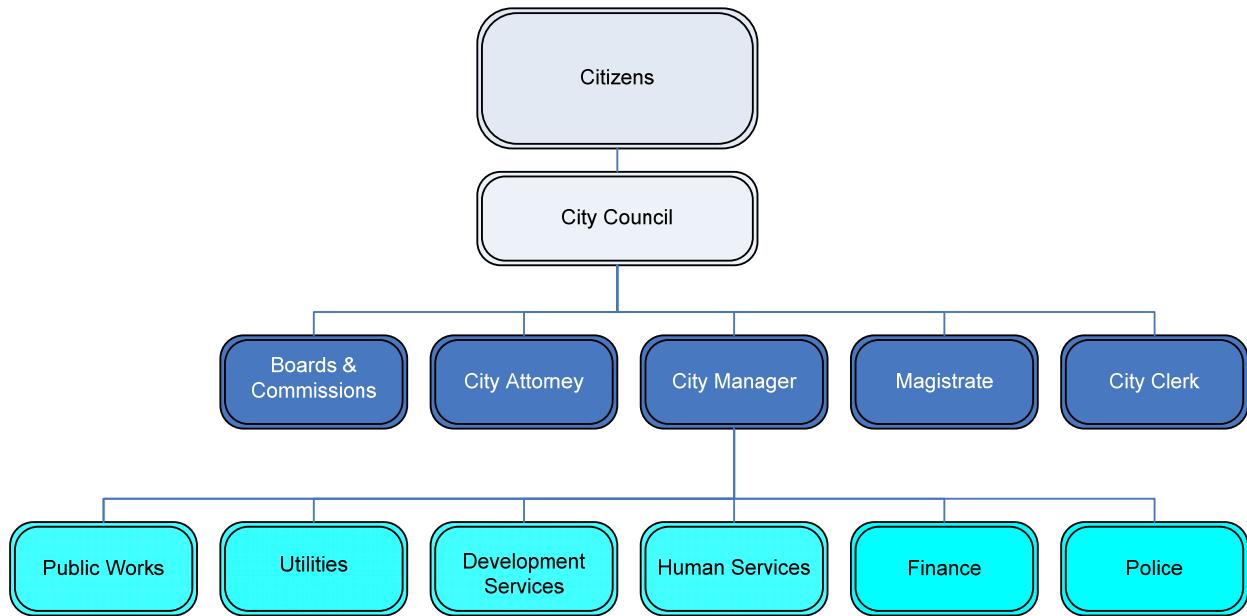

Bullhead City was incorporated in August 1984. Since then, it has operated under a Council/Manager form of government with a seven-member City Council.

The following graph illustrates the population growth from 1980 and projected until 2025.

Population Growth	
1980	10,719
1985	17,091
1990	21,951
1996 DES Estimate	27,270
2000	33,769
2010	39,540
2015 Census Estimate	39,445
2020 Census	41,348
2025 Census Estimate	45,337

CITY ORGANIZATIONAL CHART

The City provides a useful range of services, which includes general government; police protection; wastewater services; the construction and maintenance of highways, streets and infrastructure; recreational activities and cultural events. In addition to general government activities, the City Council is financially accountable for the Municipal Property Corporation and special assessment districts; therefore, these activities are included in the reporting entity.

ECONOMIC CONDITION AND OUTLOOK

Bullhead City's economic activities are mainly related to tourism and retail sales, although recent developments are helping to diversify the economy. The City as well as community groups have been working diligently to attract visitors from throughout the United States and beyond for events being held within the community.

The City hosts many sport tournaments and special events throughout the year. The City hosts an annual youth soccer tournament in February of each year. The tournament attracts upwards of 120 teams from California, Nevada, and Arizona. Softball leagues and tournaments are held throughout the year. The largest tournaments take place in March including the Tournament of Champions softball tournament that attracts 50 teams from throughout the southwest. The event is featured online and traditional media outlets. The City estimates more than \$30 million is spent locally because of sports tourism.

There are eight casinos in Laughlin, Nevada located just across the Colorado River from Bullhead City, employing approximately 5,000 people in full-time positions. Most casino employees reside in Bullhead City. The resorts and casinos have added income and an influx of jobs to the retail, service and tourism sectors of the economy from the estimated 1.3 million annual visitors. Tourism is a primary economic activity centered on the Laughlin resort/gaming industry, area water sports, golfing

and fishing. Laughlin hotels have approximately 8,692 rooms with an average occupancy rate of 53%. Bullhead City has more than 750 short term rentals and the hotels have approximately 1,000 rooms available for occupancy. In addition, there are approximately 2,250 full hook-up RV spots in the Bullhead City/Laughlin area.

The City will continue to work with its community partners on both sides of the Colorado River to bring visitors from all over the United States and beyond to Bullhead City for special events. The economic impact from these events and future events assist the entire region in building a positive future.

The City has made great progress in North Bullhead (the River District) from Community Park north to the Laughlin Bridge. The City has invested several million dollars in infrastructure and the private sector has invested greatly into improving the area. The City is very excited about several new developments being planned for this area. Two new hotels, a gas station and numerous restaurants are planned for this neighborhood. Recently completed or under construction commercial developments, Heartland Dental, Boot Barn, CalRanch and Laughlin Industrial Building

Upcoming or potential commercial projects, Emerald Bay mixed use development, Storage facilities – Baker Storage and Toy Box, CityCentre mixed-use development, AutoBox mixed-use development, Anthem Travel Center, Circle K Fueling Station & Car Wash, Olive Garden and Church's Chicken. According to Placer.ai, more than 1.5 million visitors traveled into the community, some visited multiple times, creating a visitor volume off 10.9 million. The highest visitor volume was on Saturday July 5th followed by Saturday August 30th.

The City's sales tax revenues increased 1.5% over last year collections. Revenue from the transportation tax classification increased by almost 15%, and the retail classification (largest classification) increased by 1.5% over the prior year collections.

The City plans to maintain all service levels during the upcoming year and will continue to monitor costs and programs. The City will also continue to take advantage of opportunities to enhance the local economy through economic development in partnership with the Bullhead Area Chamber of Commerce by attending retail conventions and continually working to attract new retail and distribution companies.

RELEVANT FINANCIAL POLICIES

The City of Bullhead City has adopted a comprehensive set of financial policies. During the current year, some of the policies were especially relevant. The city revenue policy is to estimate annual revenues by an objective and analytical process. Residents passed proposition 416 increasing the City's State imposed spending limit, which inhibited the City's ability for capital improvement in the City. The city projects general fund revenues with a conservative approach. However, the City continues to see positive commercial development and many visitors to our city. Bullhead City has an annual balanced budget policy that estimated revenues must equal appropriations

FINANCIAL INFORMATION

Management of the City is responsible for establishing and maintaining an internal control structure to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. This concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefit likely to be derived; and 2) the valuation of cost and benefits requires estimates and judgments by management.

As a recipient of federal, state and county financial assistance, the City is responsible for ensuring that an adequate internal control structure is in place, which is in compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by management and the finance department staff of the City.

Budgetary Controls. In addition, the City maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds and Enterprise Funds are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level in the General Fund and at the individual fund level for all other funds. The City also maintains an encumbrance accounting system as a technique of accomplishing budgetary control.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

CASH MANAGEMENT

All cash not necessary to meet current obligations is invested in the Local Government Investment Pool (LGIP). The State of Arizona manages this pool. The City had \$24,521,823 invested at June 30, 2025. The average yield for fiscal year 2025 was 4.66%. The City continues to monitor the benefit of investing in long-term investments other than LGIP.

INDEPENDENT AUDIT

State law requires an annual audit of the City's financial records and transactions supporting the financial statements. This requirement has been complied with and the auditors' opinion has been included in this report.

Baker Tilly US, LLP, independent certified public accountants, have examined the accompanying financial statements. The firm is engaged by the City Council to render an opinion on the City's financial statements in accordance with auditing standards generally accepted in the United States of America.

The City Council is responsible for:

- Assuring that the City administration fulfills its responsibilities in the preparation of the financial statements; and,
- Engaging the independent public accountants with whom the City Council determines the scope of the audit.

Baker Tilly US, LLP has full and free access to meet with the City Council to discuss the results of their examination, their assessment of the adequacy of internal accounting controls, and the quality of financial reporting.

ACKNOWLEDGMENTS

The preparation of this report could not be accomplished without the dedicated efforts of the Finance Department staff.

We also express appreciation to the Mayor and City Council for their interest and support in planning and conducting the financial operations of the City in a fiscally responsible manner.

Respectfully submitted,

City of Bullhead City, Arizona

Financial Section

Independent Auditors' Report

To the Honorable Mayor and City Council of
City of Bullhead City, Arizona

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Bullhead City, Arizona (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of June 30, 2025 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Other Matters

Compliance Over Use of Highway User Revenue Fund and Other Dedicated State Transportation Revenue Monies

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to use highway user revenue fund monies received by the City pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues received by the City solely for the authorized transportation purposes, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City noncompliance with the used of highway user revenue fund monies and other dedicated state transportation revenues, insofar as they relate to accounting matters.

The communication related to compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies in the Other Matter paragraph is intended solely for the information and use of the Arizona State Legislature (the Arizona Auditor General), City Council, City management and other responsible parties within the City and is not intended to be and should not be used by anyone other than these specified parties

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying supplementary information, as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections as listed in the table of contents but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

City of Bullhead City, Arizona's (the City or Bullhead City) discussion and analysis offers readers of the City's financial statements a narrative overview and analysis of the City's financial activities for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, and in the financial statements and notes to the financial statements (which immediately follow this discussion).

Financial Highlights

- Bullhead City's total assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2025 by \$161,906,847 (net position). Of this amount, net investment of capital assets was \$147,264,690; restricted net position was \$18,097,990 and \$(3,455,833) represents unrestricted net position. The unrestricted net position represents the amounts available to meet City of Bullhead's ongoing obligations to citizens and creditors.
- City of Bullhead's total net position decreased in fiscal year 2025 by \$2,517,913 or -1.53% primarily because of capital improvements expenses incurred during the current year and grant funding not yet received.
- At the end of fiscal year 2025, Bullhead City's governmental funds reported combined fund balances of \$37,148,814, a decrease of \$14,672,803 in comparison to the prior fiscal year. Approximately 88% of this amount \$32,753,060 is available for spending at the City's discretion (unassigned fund balance).
- At the end of fiscal year 2025, unassigned fund balance for the General Fund is \$42,842,252 or 103% of total general fund expenditures.
- Bullhead City's total outstanding long-term liabilities increased by \$1,274,763 or 0.72% during fiscal year 2025. The increase in long-term liabilities is due to new capital bond for wastewater plant expansion.

Overview of the Financial Statements

This annual report consists of four parts: management's discussion and analysis (this portion); the basic financial statements; required supplementary information; and optional combining statements for nonmajor governmental funds, nonmajor enterprise fund, and internal service funds. The basic financial statements include two kinds of statements that present different views of the City:

- The government-wide financial statements provide both long-term and short-term information about the City's overall financial status.
- Fund financial statements focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.
 - Governmental fund statements tell how general government services such as police and public works were financed in the short-term as well as what remains for future spending.
 - Proprietary fund statements offer short-term and long-term financial information about the activities the City operates like businesses, such as wastewater services.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

Government-Wide Financial Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all the City's assets and liabilities. All the current year's revenues and expenses are reported in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the City's net positions and how they have changed during the fiscal year. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating.

The government-wide financial statements of the City are divided as follows:

Governmental Activities - Most of the City's basic services are included here such as police, public works, parks and recreation, and general administration. Taxes and intergovernmental revenues finance most of these activities.

Business-Type Activities - Customer fees fund certain services provided by the City. The City currently has two active utility services - wastewater services and water services.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide more detailed information about the City's major funds, not the City as a whole.

The City has three types of funds:

Governmental Funds - Most of the City's basic services are included in governmental funds, which focus on (1) short-term inflows and outflows of spendable resources, and (2) the remaining year-end balances available for spending. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliation that explains the relationship (or difference) between governmental funds and governmental activities follow each of the governmental fund statements.

Proprietary Funds - Services for which the City charges customers a fee generally are reported in proprietary funds. Proprietary fund financial statements, like the government-wide statements, provide both short-term and long-term financial information.

- Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements.
- Internal service funds report activities that provide services for the City's other programs and activities, such as the City's fleet fund and risk management fund.

Government-Wide Financial Analysis

The government-wide financial statements provide short-term and long-term information about the City's overall financial condition. Net position over time serves as a useful indicator of financial position. Bullhead City's assets and deferred outflows exceeded liabilities by \$76,527,111 at the close of fiscal year 2025.

Net position of the City represents the difference between the City's resources and its obligations. As of June 30, 2025, the largest portion of the City's total net position approximately 77% reflects the investment in capital assets, (e.g., land, buildings, machinery, equipment, vehicles and infrastructure) less related debt outstanding used to acquire capital assets. These capital assets are used by the City to provide services to its citizens. As such, these assets are not available for future spending.

City of Bullhead City, Arizona

Management's Discussion and Analysis

June 30, 2025

The City's restricted net position \$4,327,812 represents amounts that are to be used in accordance with external restrictions. The remaining balance of \$13,092,203 is unrestricted.

City of Bullhead City, Arizona Condensed Statement of Net Position						
	Governmental Activities		Business-Type Activities		Total Primary Government	
	2025	2024	2025	2024	2025	2024
Assets:						
Current and other assets	\$ 54,322,669	\$ 72,117,036	\$ 7,834,412	\$ 12,671,750	\$ 62,157,081	\$ 84,788,786
Capital assets	79,986,906	68,085,320	205,955,911	194,633,650	285,942,817	262,718,970

Current and other assets decreased in governmental activities by \$17,794,367 million from the prior year. The spending of bond proceeds from the prior fiscal year was major reason for decrease in current and other assets.

Other liabilities in governmental activities decreased from the prior year \$2,691,330 million due to the decrease of accounts payable of \$1,990,372 million and \$1,186,668 million of decreased unearned revenue. Reduction of general fund accounts payable of \$1,209,554 million is the biggest reduction.

Long-term liabilities, which consist of bonds, notes, leases, compensated absences, and net pension liability, decreased \$2.5 million in governmental activities, and increased \$3.8 million for business-type activities. Notes payable debt of \$2.6 million for equipment loans increased \$1.7 million and an increase of net pension liability of \$0.06 million to the Arizona Public Safety Retirement System. Compensated Absences totaled \$2.2 million and an increase of \$54,433 from 2024. There was a net investment income of \$3.5 million reported by the Retirement System for the Plan Fiduciary Net Position.

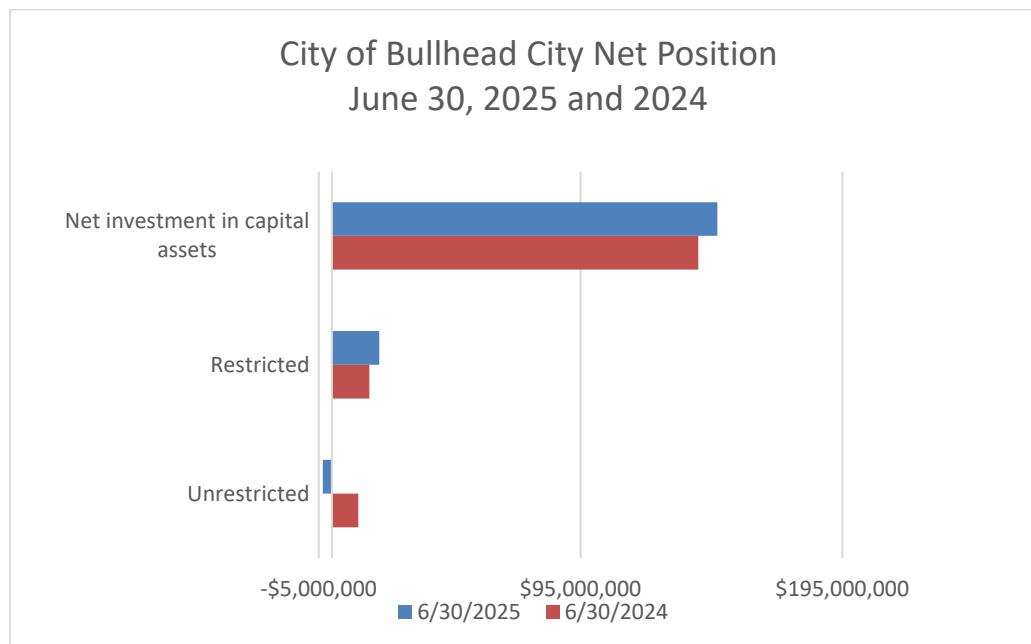

Business-type activities includes \$82 million for the acquisition of the local water system, \$18.3 million for water system capital acquisitions and \$8.9 million for wastewater plant expansion. Total business-type activity liabilities increased as debt payments were made during the fiscal year.

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

The largest portion of the City's net position, \$147,264,690, reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, vehicles and infrastructure), net of accumulated depreciation and less any related outstanding debt that was used to acquire those assets. The City uses those capital assets to provide a variety of services to its citizens. These assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay the debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position, \$18,097,990 represents resources that are subject to external restrictions on how they may be used. As of the end of the current year, the City's unrestricted net position was a balance of \$(3,455,833).

The City's overall net position decreased \$2,517,913 from the prior fiscal year. The following sections will discuss the reasons for the decrease.

Bullhead City's net position for governmental activities decreased \$398,113 from the prior fiscal year to an ending balance of \$76,527,111.

City of Bullhead City, Arizona

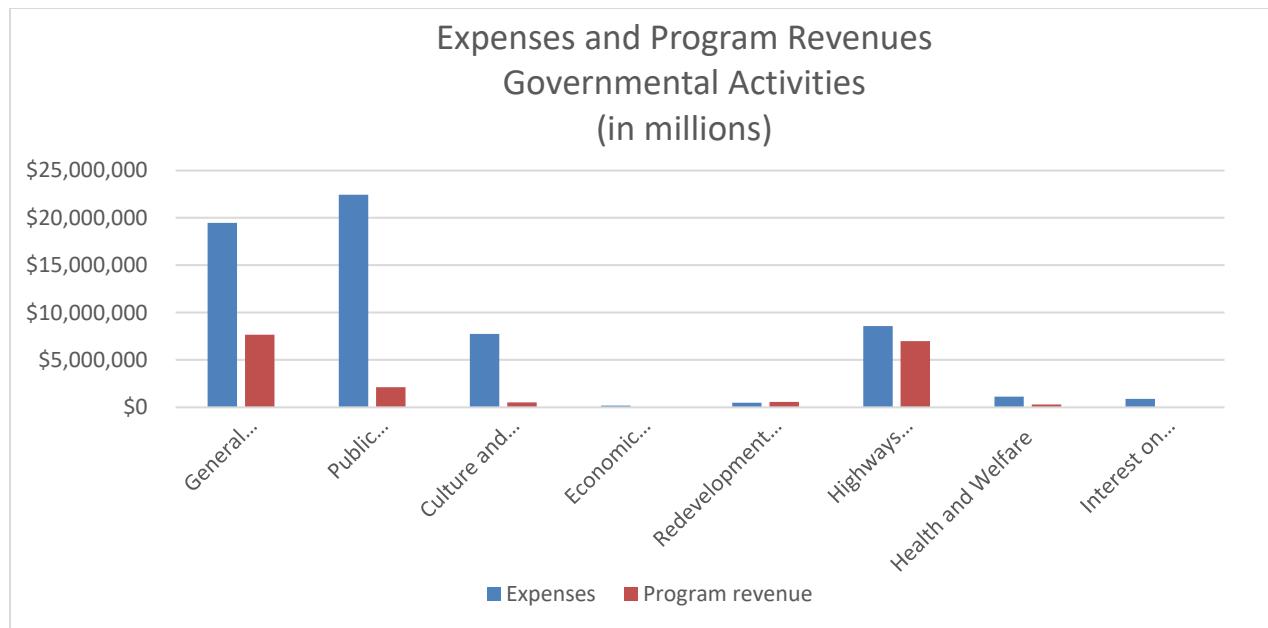

Management's Discussion and Analysis
June 30, 2025

Governmental Activities

Revenues decreased \$15.7 million from the prior year. Capital grants revenue decreased \$6.2 million included \$8 million for right turn lanes from the State in the prior year. Local sales tax and state shared tax increased \$7,220 and urban revenue sharing decreased \$2.1 million from the prior year. Governmental activities revenue decreased 20% from the prior year.

Expenditures grew from the prior year, increasing from \$7.3 million in the prior year to \$60.8 million in the current year. The significant increases were \$2.0 million in the general government function and \$3.0 million increases for public safety. The increases were primarily investments in capital assets such as municipal facilities for the community center renovation, rehabilitation of new animal shelter and right turn lane construction. Expenses for the culture and recreation function increased by \$2.0 million. Governmental activities expenses increased 13% from the prior year.

The chart below shows revenues generated by the City's programs are not sufficient to cover the costs. The City relies on local sales tax, state shared revenues and other general revenues to cover the costs associated with various programs.

Business-Type Activities

Bullhead City's business-type activities for fiscal year 2025 show that the overall net position decreased to an ending balance of \$85,379,736. The total decrease in net position for business-type activities was \$2,119,800 from the prior fiscal year. Fiscal year 2025 was the third full fiscal year of the City operating the local water system. However, the water system infrastructure needs significant maintenance. A water master plan was completed to develop capital improvement plan.

Revenue from business-type activities (water and wastewater funds) totaled \$24,723,852 compared to \$19,085,622 from the prior year. This is an increase of \$5,638,230 from the prior year due to the loss on disposition of capital assets from the prior year. Expenses increased \$2,677,402 from the prior year with the sewer system expenses decreasing \$0.9 million and the water system expenses increasing \$2.4 million.

The City conducted a Water and Wastewater Rate Study and determined with the maintenance and capital improvement needs there would need to be rate increase. The prior fixed wastewater user charge was adopted in 2018 for wastewater. After multiple work sessions, the City's Council approved a rate increase for water and wastewater on September 16th, 2025, beginning the billing period of January 2026.

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

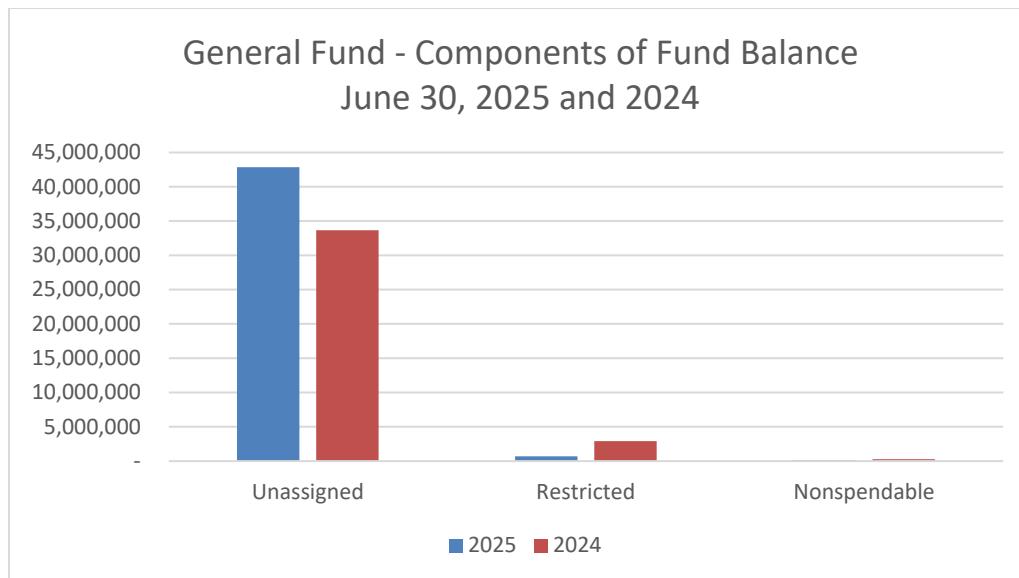

Financial Analysis of Governmental Funds

The City uses fund accounting to assure and demonstrate compliance with finance-related legal requirements. The fund financial statements focus on individual parts of the City government while reporting the City operations in more detail than the government-wide statements. The City's governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in assessing the City's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available to use for a particular purpose.

Analysis of Individual Funds

The general fund is the chief operating fund of the City. At the end of the fiscal year unassigned fund balance of the general fund was \$42,842,252. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents approximately 103% of the total general fund expenditures, while total fund balance represents approximately 105% of the same amount.

The fund balance of Bullhead City's general fund grew by \$6,796,421 during the 2025 fiscal year.

The HURF fund, a major fund, had a decrease of \$62,872 in fund balance during the current fiscal year which put the ending fund balance in a positive position of \$1,192,905. The fund balance is spent down as the street preservation program progresses.

The Capital Projects Funds, a major fund, had a decrease in fund balance of \$16,589,457 during the current fiscal year to an ending balance of \$(4,166,862). There were \$16,945,070 million of capital expenditures which consisted of \$3.2 million of park improvements, \$4.7 million of street improvements and \$8.9 million in municipal facility improvements during the current year. The sources of capital projects funding ranges from grants, financing and other city funds.

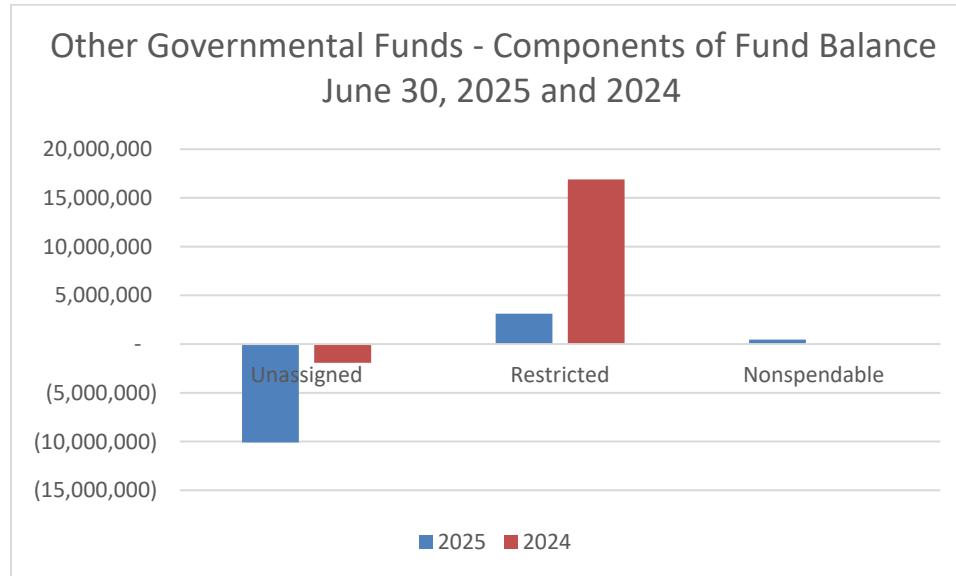

SID Debt Service Funds, a major fund, had a decrease in fund balance of \$63,565 during the current fiscal year to an ending balance of \$(579,137) Special assessments from property owners collected semi-annually are used to pay debt payments. Special assessment district #3 will have the final billing recorded during the fiscal year 2026 resulting in the decrease of fund balance as the district comes to a close. The customers of special assessment district #3 still have one more year of payments.

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

Excise Revenue Bond Refunding Funds, a major fund, had an increase of \$5,996 in fund balance during the current fiscal year to an ending balance of \$65,935. This fund was used to account for Series 2013 and Series 2015B Bonds debt repayments. Series 2015B Bonds is now the only active bond and fund balance will remain for the most part stable.

The fund balances of Bullhead City's other governmental funds decreased by \$21,471,349 during the 2025 fiscal year.

The City's governmental funds reported combined fund balances on June 30, 2025, of \$51,821,617, which is an increase of \$18,688,061 compared to the previous fiscal year. Approximately 61% of this amount \$31,734,421 constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is either (1) not in spendable form \$281,235, or (2) restricted for a particular purpose \$19,805,961.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the business-type activities portion of the government-wide financial statements, but in more detail.

Unrestricted net position of the wastewater operations at the end of the year was \$4,730,658 and for the water operations there was a deficit of \$1,694,010. The total change in net position for each of the funds is \$(3,389,147) and \$1,921,939, respectively.

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

General Fund Budgetary Highlights

Original Budget Compared to Final Budget

During the year there was no need for significant budget amendments to increase original budgeted appropriations. Generally, there are minor budget amendments to reallocate appropriations within departments.

Final Budget Compared to Actual Results

The most significant differences between estimated revenues and actual revenues were as follows:

	Estimated Revenues	Actual Revenues	Variance
Revenue source:			
Taxes	\$ 23,476,957	\$ 22,240,861	\$ (1,236,096)
Intergovernmental revenue	19,841,501	20,360,598	519,097
Charges for services	1,790,510	1,876,093	85,583
Licenses and permits	1,576,925	1,542,038	(34,887)
Other	2,563,684	2,262,076	(301,608)
Total	\$ 49,249,577	\$ 48,281,666	\$ (967,911)

The City has worked diligently to diversify the local economy. The City is working with developers to bring in hotels, retail businesses and multiple developments within the City. The City is expanding amenities at Community Park with beach expansion and future developments in the master plan. The City continues to host many athletic tournaments throughout the year bringing in teams throughout the southwest.

The nearby Colorado River, park amenities and weather attract many visitors from all over the country for sporting events and water sports.

The impact to our local economy is strong local tax collections. Local transaction privilege tax stayed relatively flat from the prior year decreasing around 0.5%. The top three tax classifications are retail, restaurant and bar, and construction. Retail tax collections comprise 58% of tax revenue. The vacation home rental market continues to thrive locally as Transient Occupancy Tax (TOT) collections were \$434,433 in the current year.

The shortfall in the taxes revenue to budget were due to tax revenues staying the same compared to the modest budgeted increase.

A review of actual expenditures compared to the appropriations in the final budget shows the following variances.

	Final Budget	Actual Expenditures	Variance
Classification:			
Personnel costs	\$ 30,568,191	\$ 29,735,936	\$ (832,255)
Maintenance and operations	13,745,605	9,660,502	(4,085,103)
Property	3,249,587	2,048,992	(1,200,595)
Debt service	1,909,988	128,591	(1,781,397)
Other financing sources (uses)	3,280,530	1,026,540	(2,253,990)
Total	\$ 52,753,901	\$ 42,600,561	\$ (10,153,340)

City of Bullhead City, Arizona

Management's Discussion and Analysis

June 30, 2025

Budgetary savings were present in all expenditure classifications. Personnel costs savings are the result of employee turnover and recruitment timing. Long order lead-times for materials from vendors delayed many city purchases. The availability of materials impacted capital purchases. Some projects were scaled down, delayed, or cancelled due to high inflationary costs. As a result, capital projects were pushed out to the next fiscal year. financed were not done.

Overall expenditure budget savings were \$10,153,340 for the General Fund.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2025, the City invested \$285,942,817 (net of accumulated depreciation) in a broad range of capital assets, including police equipment, buildings, park improvements, roads, sewer transmission and distribution systems, and water system. The total increase in capital assets for the current fiscal year was 8.9%.

Total	\$ 79,986,906	\$ 68,085,320	\$ 205,955,911	\$ 194,633,650	\$ 285,942,817	\$ 262,718,970	

Major capital asset events during the year include the following:

- Completion of new Senior Enrichment Center Building \$1,223,804
- Started renovation on the new Animal Shelter Building \$3,737,824
- Started renovation of Community Center and parking lot \$3,572,225
- Construction and near completion of new UTV/ATV Trailhead \$1,206,375
- Merrill Avenue realignment \$3,368,644
- Wastewater lift station wet well rehabilitation \$2,661,451
- The City had commitments of approximately \$3,663,000 for capital expenditures commitments as of June 30, 2025.

Additional information on the City's capital assets can be found in Note 6 of this report.

City of Bullhead City, Arizona

Management's Discussion and Analysis
June 30, 2025

Long-Term Debt

As of June 30, 2025, the City had \$138,288,966 in bonded, and note debt. Of this amount, \$135,678,966 is debt backed the full faith and credit of the City and \$2,610,000 is special assessment debt for which the city is liable in the event of default by the property owners subject to the assessment. The remainder of the City's long-term obligations is comprised of net pension liabilities, compensated absences and capital leases.

City of Bullhead City, Arizona Outstanding Debt						
	Governmental Activities		Business-Type Activities		Total Primary Government	
	2025	2024	2025	2024	2025	2024

Net pension liabilities	33,806,342	33,741,419	-	-	33,806,342	33,741,419
Compensated absences	2,221,069	2,166,636	391,896	342,473	2,612,965	2,509,109
Total	<u>\$ 57,880,457</u>	<u>\$ 60,430,734</u>	<u>\$ 119,547,916</u>	<u>\$ 115,722,876</u>	<u>\$ 177,428,373</u>	<u>\$ 176,153,610</u>

The City's total long-term liabilities increased by \$1,274,763 or 0.7%. The following are the reasons for the overall increase.

During the current year the City issued Series 2025 Excise Tax Revenue bonds in the amount of \$8,945,000 for wastewater treatment plant expansion.

The City made principal payments during the year totaling \$9,064,000

Additional information on the City's long-term liabilities can be found in Note 7 of this report.

Economic Factors and Next Year's Budget and Rates

The following economic factors were taken into consideration in developing the fiscal year 2024-2025 budget.

- Estimated local tax revenue with an increase of 2.5% compared to 2025 budget.
- State shared revenue distributions were estimated to decrease less than 0.5% per the State of Arizona projections.
- Cost of living adjustment of 3.0% for employees.
- Employer public safety retirement costs for a total of 75.45% for Tier 1 employees; 72.45% or 75.45% for Tier 2 employees (depending on hire date); and 74.06% for Tier 3 employees
- The unemployment rate for the City in April 2025 was 4.3%.

All these factors were considered in preparing the City's budget.

The General Fund operating budget for fiscal year 2025-2026 appropriation is \$50,580,517, a decrease of 0.1%, or \$79,441 over the prior year.

Financial Statements

Major Funds Government Funds Financial Statements

General Fund - This fund is the City's operating fund. It accounts for all financial resources of the City, except those required to be accounted for in other funds.

HURF Fund - This fund accounts for the City's share of Arizona's highway user tax revenues and associated expenditures legally restricted for road construction and maintenance.

Capital Projects Fund - This fund is used to account for funds received and expended for the construction of buildings and improvements as well as for the acquisition of equipment used by the City.

Special Improvement District (SID) Debt Service Fund - This fund is used to account for resources accumulated and payments made for principal and interest on long-term special assessment debt of the governmental funds.

Excise Revenue Bond Refunding - This fund is used to account for all governmental fund debt activity for Excise Tax Revenue Bonds.

Nonmajor Funds - Other governmental funds are the nonmajor funds and are special revenue, debt service and capital project funds.

City of Bullhead City, Arizona

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances

of Governmental Funds to the Statement of Activities

Year Ended June 30, 2025

Net Change in Fund Balances - Total Governmental Funds \$ (14,672,803)

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation/amortization expense.

Capital outlay	\$ 15,772,522
Contributed capital	2,991,164
Loss of disposal capital assets	(12,256)
Depreciation/amortization expense	<u>(6,567,634)</u> 12,183,796

The net effect of various miscellaneous transactions involving capital asset
is an increase (decrease) to net position.

Transfer of capital assets to proprietary funds (282,209)

Pension and OPEB contributions are reported as expenditures in the governmenta
funds when made. However, they are reported as deferred outflows of
resources in the Statement of Net Position because the reported net pension
liability is measured a year before the City's report date. Pension/OPEB
expense, which is the change in the net pension liability adjusted for changes in
deferred outflows and inflows of resources related to pensions/OPEB, is reported
in the Statement of Activities. 259,269

Revenues in the statement of activities that do not provide current financial
resources are not reported as revenues in the funds. (1,026,195)

Debt proceeds provide current financial resources to governmental funds,
but issuing debt increases long-term liabilities in the Statement of Net Position
Repayment of debt principal is an expenditure in the governmental funds,
but the repayment reduces long-term liabilities in the Statement of Net Position.
Also, governmental funds report the effect of premiums, discounts, and similar
items when debt is issued, whereas these amounts are amortized in the
Statement of Activities.

Bond proceeds	(2,441,011)
Principal repaid	5,855,006
Subscription-based information technology arrangement payments	<u>268,637</u> 3,682,632

Some expenses reported in the Statement of Activities do not require the use of
current financial resources, and therefore, are not reported as expenses
in governmental funds.

Compensated absences payable (54,433)

Internal service funds are used by management to charge the costs of certain
activities, such as fleet management, risk management and employee benefits to
individual funds. The change in net position of internal service funds less the
change in noncurrent assets and liabilities is reported with governmental activities
in the Statement of Activities. (488,170)

Change in Net Position of Governmental Activities \$ (398,113)

Financial Statements

Proprietary Funds

Enterprise Funds

Wastewater Fund - This fund is used to account for the administration, operations and maintenance of the wastewater collection lines and treatment facility.

Water Fund - This fund is used to account for the activities of the City's water utility operations.

Marketplace Fund - This fund is used to account for the activities of the City's Belle restaurant, various rental fees, and similar services.

Internal Service Funds - Internal service funds are used to account for services and commodities furnished by one department to other departments in the City on a cost reimbursement basis. The City's internal service funds included are Fleet Services, Risk Management, and Employee Benefit Trust.

Notes to Financial Statements

June 30, 2025

1. Summary of Significant Accounting Policies

The accounting policies of the City of Bullhead City, Arizona (the City) conform to U.S. generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of the City's more significant accounting policies follows.

Reporting Entity

The City, incorporated in 1984, is a general purpose local government that is governed by an elected Mayor and Council. As required under generally accepted accounting principles, these financial statements present the activities of the City (a primary government) and its component units. Component units are legally separate entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the City's operations. Therefore, data from these component units is combined with data of the primary government. A discretely presented component unit, on the other hand, is reported in a separate column in combined financial statements to emphasize that it is legally separate from the government. The City has no discretely presented component units.

Blended Component Units

The Bullhead City Municipal Property Corporation (MPC) was formed as a nonprofit corporation that assists in the acquisition and financing of municipal projects and facilities. The City Council appoints all members of the Board of Directors. The City has no liability for the Corporations' debt. For financial reporting purposes, transactions of the Corporation are combined together and included as if they were part of the City's operations.

The Bullhead City Sewer Improvement Districts #1, 2 and 3 were formed as improvement districts that were created to fund sewer services for specific property owners. The City Council serves as the Board of Directors and has ability to significantly influence operations. The City has no liability for the Districts' debt. For financial reporting purposes, transactions of the Districts are combined together and included as if they were part of the City's operations.

The Bullhead City Parkway Road Improvement District and East Branch Sewer District were formed as Improvement districts that were created to fund construction of a roadway and a supporting sewer line. The City Council serves as the Board of Directors and has the ability to significantly influence operations. The City has no liability for the Districts' debt. For financial reporting purposes, transactions of the Districts are combined together and included as if they were part of the City's operations.

Financial data for each of the individual component units may be obtained at the City's administrative offices.

Basis of Presentation - Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report the information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from the business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment (e.g., special assessments). Taxes and other items not properly included among program revenues are reported instead as general revenues.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements; all nonmajor funds are aggregated and presented in a single column.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Special assessments are recognized as revenues in the year for which the related capital projects are substantially complete. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the next fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **High User Revenue Fund (HURF)** accounts for the City's share of Arizona highway user tax revenues and associated expenditures legally restricted for road construction and maintenance.

The **Capital Projects Fund** is used to account for maintenance and operations of the City's parks and other municipal facilities.

The **Special Improvement District (SID) Debt Service Fund** is used to account for the resources accumulated and payments made for principal and interest on long-term special assessment debt of the governmental funds.

The **Excise Revenue Bond Refunding Fund** is used to account for the resources accumulated and payments made for principal and interest on long-term excise tax debt of the governmental funds.

The City reports the following major proprietary funds:

The **Wastewater Fund** is used to account for the administration, operations and maintenance of the wastewater collection lines and treatment facility.

The **Water Fund** is used to account for the activities of the City's water utility operations.

Additionally, the City reports the following fund type:

Internal Service Funds account for the fleet management services and insurance services provided to other departments or agencies of the government on a cost reimbursement basis.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to the general rule are charges between the City's wastewater function and various other functions of the City. Elimination of these charges would distort the costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the wastewater and water funds, and of the City's internal service funds, are charges to customers and departments for sales and services provided. The wastewater fund also recognizes as operating revenue the tap fees intended to recover the cost of connecting new customers to the collection system. Operating expense for enterprise and internal service funds include the cost of sales and services, administration expenses, and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments for the City, as well as for its component unit, are reported at fair value. The Arizona State Treasurer's local government investment pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

All trade receivables are shown net of an allowance for uncollectibles. The amount of the estimated uncollectible trade receivables at June 30, 2025 was \$870,281, which represents approximately 6.8% of the current trade receivables balance. There is no allowance for uncollectibles on special assessments receivable as the City has a subordinated lien on all properties subject to the special assessments.

Inventories and Prepaid Items

All inventories are valued at cost (determined by weighted average method) and consist of expendable supplies held for consumption. Inventories of the City are recorded as expenditures when consumed.

Certain payments to vendors reflect costs applicable to future periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed (consumption method) rather than when purchased.

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

Restricted Assets

Certain proceeds of the City's revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

Capital Assets

The City's capital assets, which include land, buildings and related improvements, furniture, vehicles, equipment, construction in progress and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), including right-to-use assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure, are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. The City reports infrastructure assets on a network and subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported consistent with all other capital assets and are presented in the government-wide financial statements.

Intangible right-to-use lease and subscription assets are amortized over the shorter of the contract term or the useful life of the underlying asset.

Property, plant and equipment of the City, as well as its component unit, is depreciated using the straight-line method over the following estimated useful lives:

	Years
Buildings	25 - 40
Building improvements	5 - 25
Public domain infrastructure	15 - 25
System infrastructure (wastewater system)	40 - 45
Furniture, vehicles and equipment	3 - 10

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused personal leave and vacation. Upon termination, the employee would be entitled to 50% - 100% of unused personal leave. Compensated absences are accrued and reported as liabilities more likely than not to be used, paid or converted after year-end in the government-wide and proprietary fund financial statements. Governmental funds report only the current portion of compensated absences payable.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period of bond issuance. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Post-Employment Benefits

For purposes of measuring the net pension liability/OPEB, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Manager is authorized to assign amounts to a specific purpose in accordance with the City's budget policy. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

The City has adopted a policy whereby it will set a minimum unassigned fund balance, equal to 30% of current year expenditures in the General Fund, to provide for any shortfalls in the enterprise funds and for required redemptions related to special assessment debt, should the collections of special assessments not cover the current liability.

Program Revenues

Amounts reported as program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues

Special Assessments

The City has made certain special assessments, in lieu of adopting a property tax, to pay for the cost of constructing wastewater collection lines. Revenue from special assessments is recognized upon completion of the related improvement and is recorded in governmental capital project funds, to the extent available.

Intergovernmental Grants and Aid

Money received from other government agencies in the form of grants or aid based on an entitlement period is recorded as intergovernmental receivables and revenues when entitlement occurs. Reimbursement grants are recorded as intergovernmental receivables and revenues when the related expenditures are incurred.

Leases

As lessee, the City recognizes lease liabilities with an initial, individual value of \$20,000. The City uses its estimated incremental borrowing rate to measure lease liabilities unless it can readily determine the interest rate implicit in the lease. The City's estimated incremental borrowing rate is based on the average interest rate of other financing instruments with similar terms and risks as those currently entered into by the City.

As lessor, the City recognizes lease receivables with an initial, individual value of \$100,000. If there is no stated rate in the lease contract (or if the stated rate is not the rate the City charges the lessee) and the implicit rate cannot be determined, the City uses its own estimated incremental borrowing rate as the discount rate to measure lease receivables. The City's estimated incremental borrowing rate is calculated using the same method used on their lessee transactions above.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Subscription-Based Information Technology Arrangements

The City recognizes subscription liabilities with an initial, individual value that is sufficient to meet the criteria of the City's policy. The City uses its estimated incremental borrowing rate to measure subscription liabilities unless it can readily determine the interest rate implicit in the arrangement. The City's estimated incremental borrowing rate is calculated as described above for leases.

Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates that affect amounts reported in the financial statements during the reporting period. Actual amounts may differ from such estimates.

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles. All annual appropriations lapse at fiscal year-end. The City is subject to the State of Arizona's Spending Limitation Law for City's and Cities. This law does not permit the City to spend more than the budgeted revenues plus the prior year's carryover of unrestricted cash. The limitation is applied to the total of the combined funds.

Expenditures Over Appropriations

The individual schedules of revenues, expenditures and changes in fund balance - budget and actual reports found in the required supplementary information and the supplementary information present all of the departments and funds which incurred an excess of expenditures/expenses over appropriations for the year ended June 30, 2025, if any.

Change in Accounting Principle

Effective for the fiscal year ending June 30, 2025, the City has implemented GASB Statement No. 101, *Compensated Absences*, which supersedes GASB Statement No. 16. GASB 101 establishes a unified recognition and measurement model for all types of compensated absences, including vacation, sick leave, paid time off (PTO), holidays, parental leave, bereavement leave and certain types of sabbatical leave based on what is more likely than not to be used, paid out, or converted after year end. The implementation of GASB 101 did not result in a material change to the accrued compensated absence balance reported.

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

Deficit Net Position/Fund Balance

At June 30, 2025, the following funds reported deficits in net position or fund balances:

Fund:

Capital Project Fund	\$ 4,166,862
CDBG/HTF Fund	78,623
Court Improvement Fund	942
Excise Tax Debt Service Fund	2,992,791
Flood Control Fund	323,097
Pest Abasement Fund	26,009
Police Grant Fund	40,044
SID Debt Service Fund	579,137
Special Events Fund	141,262
Street Lighting Fund	8,957
Transit Fund	1,269,286
Water Fund	3,863,448

The City anticipates resolving the deficits through transfers from other funds.

2. Deposits and Investments

State law limits deposits and investments to the Arizona State Treasurer's local government investment pool (LGIP), interest bearing savings accounts, certificates of deposit, United States Treasury Bills, notes or bonds which have a maturity date of not more than one year, and in accounts of any savings and loan associations insured by an agency of the government of the United States, up to the amount of such insurance or pledged collateral.

Deposits

Statutes require collateral for demand deposits, certificates of deposit, and repurchase agreements at 102% of all deposits not covered by federal depository insurance. In the case of deposits, custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned.

As of June 30, 2025, the City's carrying amount of unrestricted deposits was \$3,223,526 and the bank balance was \$3,685,889. As of June 30, 2025, the City's deposits were fully insured by the Federal Deposit Insurance Corporation or covered by collateral held by the pledging financial institution's trust department in the City's name. The City also maintains petty cash for use in daily operations that totals \$10,601.

Restricted cash consists of \$21,012,381 held by a trustee for bonds outstanding. The carrying amount of restricted cash in bank was \$309,885 restricted for courts, and \$89,789 restricted for public safety and the bank balances were \$328,876 and \$89,789, respectively. As of June 30, 2025, the City's deposits for restricted cash were fully insured by the Federal Deposit Insurance Corporation or covered by collateral held by the pledging financial institution's trust department in the City's name. Future use will be for one or more of the following: (1) payments on current liabilities relating to outstanding bonds payable, (2) to reduce the employer portion of required contributions to the qualified retirement plan or (3) for payments on future construction projects.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Investments

The City invests in the Local Government Investment Pool 5 (LGIP), an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. The State Board of Investments provides oversight for the State Treasurer's investment pools. Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the City held. The fair value of a participant's position in the pools approximates the value of the participant's pool shares. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy. The LGIP is registered with the Securities Exchange Commission under the 1940 Investment Advisors Act and is rated by Standard and Poors with AAAf/S1+.

The Arizona State Treasurer issues a publicly available financial report that includes financial statements and required supplementary information. Copies may be obtained by contacting the Arizona State Treasurer, 1700 West Washington, Phoenix, Arizona 85007.

As of June 30, 2025, the City's deposit with the State Treasurer's Local Government Investment Pool 5 was \$24,521,825.

Custodial Credit Risk

For investments, this is the risk that, in the event of a failure of a counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have an investment policy for custodial credit risk. Funds held in the State Treasurer's LGIP represent a proportionate interest in the pool's portfolio; however, the City's portion is not identified with specific investments and is not subject to custodial credit risk.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City does not have a formal investment policy regarding credit risk. However, the City's formal investment policy restricts investments as follows: (i) limiting investments to the safest types of securities, (ii) pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the City will do business, and (iii) diversifying the investment portfolio so that potential losses on individual securities will be minimized. At June 30, 2025, credit risk for the City's investments was as follows:

	Ratings			
	Total	AAAf/S1+	AAA	Unrated
Investment type:				
Primary government:				
LGIP	\$ 24,521,825	\$ 24,521,825	\$ -	\$ -
Total	\$ 24,521,825	\$ 24,521,825	\$ -	\$ -

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investment by maturity.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

At June 30, 2025, the City had the following investments:

	Remaining Maturity 12 Months or Less
Investment type:	
Primary government	
LGIP	<u>\$ 24,521,825</u>
Total	<u>\$ 24,521,825</u>

The City has no specific policy regarding interest rate risk. State law limits investments in securities having maturities no greater than five years. Additionally, in accordance with its formal investment policy, the City manages its exposure to declines in fair values by limiting (a) structuring the investment portfolio to meet cash requirements for ongoing operations, and (b) investing operating funds primarily in short-term securities.

Concentration of Credit Risk

The City's policies do not limit the maximum amount that can be invested in any single issuer. At June 30, 2025, all of the City's investments were with the Arizona State Treasurer's local government investment pool.

Custodial Credit Risk

For investments, this is the risk that, in the event of a failure of a counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have an investment policy for custodial credit risk.

3. Receivables

Receivables as of June 30, 2025 for the City's individual major funds, nonmajor funds, and internal service funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	HURF Fund	Capital Projects Fund	SID Debt Service Funds	Nonmajor Govern- men- tal Funds	Wastewater Fund	Water Fund	Marketplace Fund	Internal Service Fund	Total
Receivables:										
Accounts Taxes	\$ 1,423,648	\$ -	\$ -	\$ -	\$ 284,781	\$ 1,644,102	\$ 1,685,536	\$ 4,000	\$ 127,148	\$ 5,169,215
Intergovernmental	2,621,186	475,479	11,622	-	3,173	-	-	-	-	3,173
Special assessments	-	-	-	178,492	272,884	-	-	-	-	3,381,171
	-	-	-	537	537	-	-	-	-	179,029
Gross receivables	4,044,834	475,479	11,622	178,492	561,375	1,644,102	1,685,536	4,000	127,148	8,732,588
Less allowance for uncollectibles	-	-	-	-	-	(489,580)	(380,701)	-	-	(870,281)
Net total receivables	<u>\$ 4,044,834</u>	<u>\$ 475,479</u>	<u>\$ 11,622</u>	<u>\$ 178,492</u>	<u>\$ 561,375</u>	<u>\$ 1,154,522</u>	<u>\$ 1,304,835</u>	<u>\$ 4,000</u>	<u>\$ 127,148</u>	<u>\$ 7,862,307</u>

Revenues of the enterprise funds are reported net of uncollectible amounts. The Wastewater Fund and the Water Fund recorded no bad debt expense for the current fiscal year.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

4. Interfund Receivables and Payables

The composition of interfund balances as of June 30, 2025 is as follows (due to/from other funds):

	Receivable Amount	Payable Amount
Fund:		
General Fund	\$ 20,351,622	\$ -
Capital Projects Fund	-	4,408,427
SID Debt Service Funds	-	192,044
Nonmajor Governmental Funds	-	5,569,307
Wastewater Fund	-	2,775,939
Water Fund	-	6,244,456
Marketplace Fund		128,437
Internal Service Funds	-	1,033,012
Total	\$ 20,351,622	\$ 20,351,622

The outstanding balances between funds results mainly from the time lag between the date that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made. These amounts also include balances of working capital loans made to several nonmajor governmental funds which the General Fund expects to collect in the subsequent year. All interfund balances are expected to be repaid within one year.

Internal service funds and nonmajor funds had a deficit cash balance that will be paid back to the General Fund over time.

The water fund had a deficit in cash balance related to the issuance of bonds and future commitments for projects related to utilities. These funds will be paid back to the General Fund.

5. Interfund Transfers

The composition of interfund transfers for the year ended June 30, 2025 is as follows:

	Transfers Out	Transfers In
Fund:		
General Fund	\$ 1,026,540	\$ 1,052,687
HURF Fund	-	647,371
Capital Projects Fund	5,697,196	5,035,670
Excise Revenue Bond Refunding Funds	-	173,016
Nonmajor Governmental Funds	2,441,011	853,524
Marketplace Fund	-	282,209
Wastewater Fund	-	1,129,108
Water Fund	-	273,371
Governmental activities (capital transfer)	<u>282,209</u>	<u>-</u>
Total	\$ 9,446,956	\$ 9,446,956

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

General Fund transfers relate to:

- Providing construction projects for the Capital Projects Fund.
- Payments for debt service.
- Other miscellaneous services for wastewater engineering, reducing negative fund balance and monthly bridge loan.

Nonmajor funds transfers relate to funding transferred to the Capital Projects Fund for allowable construction projection.

The Water Fund received transfers from the General Fund for debt payments and Cibola Water.

6. Capital Assets

Capital asset activity for the year ended June 30, 2025 was as follows:

Governmental Activities	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets not being depreciated or amortized:				
Land	\$ 3,273,105	\$ 440,012	\$ -	\$ 3,713,117

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

Internal service funds predominantly serve the governmental activities. Accordingly, long-term liabilities for all internal service funds are included as part of the above totals for governmental activities.

Bonds Payable

The City has pledged revenue derived from taxes collected or from the acquired or constructed assets to pay debt service on the excise tax revenue bonds.

Bonds currently outstanding at year-end are as follows:

	Original Amount	Interest Rate	Outstanding Principal	Maturity Date
Governmental activities:				
MPC Excise Tax Revenue Bonds, Series 2015B	\$ 1,554,000	1.98 %	\$ 168,000	2026

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

Notes Payable

The City received loans from the Water Infrastructure Financing Authority (WIFA) for the construction of wastewater collection lines and facilities. The debt is secured by, and to be repaid from, amounts levied against the property owners benefited by this construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the City must provide resources to cover the deficiency until other resources are received, as of June 30, 2025 the WIFA loans were fully paid off.

During 2023, the City entered into a finance purchase arrangement with Empire Southwest for a new Loader financing \$288,677 through 2028 at an interest rate of 6.38%. During 2024, the City entered into a finance purchase arrangement with Empire Southwest for a new Loader financing \$123,215 through 2028 at an interest rate of 5.99%.

Notes payable at year-end are as follows:

	Original Amount	Interest Rate	Outstanding Principal	Maturity Date
Governmental activities:				
Foothills Bank, 2025	\$ 2,441,011	7.155 %	\$ 2,379,686	2032
Finance Purchase, Empire Southwest, 2023	288,677	6.38	189,647	2028
Finance Purchase, Empire Southwest, 2024	123,215	5.99	87,481	2028
Total	\$ 2,852,903		\$ 2,656,814	

Annual debt service requirements to maturity for the notes are as follows:

	Governmental Activities	
	Principal	Interest
Years ending June 30:		
2026	\$ 309,184	\$ 165,990
2027	368,226	156,756
2028	481,467	128,148
2029	352,303	95,639
2030	378,189	69,753
2031-2032	767,445	53,783
Total	\$ 2,656,814	\$ 670,069

During 2023, the City obtained \$6,595,000 and \$6,445,000 in additional financing from WIFA for various infrastructure projects with loan terms of 30 years. Of those loans \$1,300,000 and \$1,177,000, respectively, are forgivable principal. As of year-end, the City had not drawn on any portion of the loans.

Subscription-Based Information Technology Arrangements (SBITAs)

The City has obtained the right to use various IT software under the provisions of various subscription-based information technology arrangements.

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

The total amount of subscription assets and the related accumulated amortization are as follows:

	Governmental Activities	Business-Type Activities
Total intangible right-to-use subscription assets	\$ 1,115,938	\$ 3,307,058
Less accumulated amortization	(710,706)	(992,190)
Total	\$ 405,232	\$ 2,314,868

The following schedule details minimum subscription payments to maturity for the City's subscriptions:

Years ending June 30:	Governmental Activities		Business-Type Activities	
	Principal	Interest	Principal	Interest
2026	\$ 220,356	\$ 8,863	\$ 407,242	\$ 73,440
2027	134,620	4,177	419,482	61,200
2028	50,256	-	353,676	48,960
2029	-	-	365,916	36,720
2030	-	-	378,156	24,480
2031	-	-	390,396	12,240
Total	\$ 405,232	\$ 13,040	\$ 2,314,868	\$ 257,040

8. Contingencies

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City uses a combination of self-insurance and third-party insurance. The City is self-insured for general and automobile liability. An excess coverage insurance policy is available for individual claims in excess of \$75,000 and is provided by the Arizona Municipal Risk Retention Pool.

The City provides life, health, and disability benefits to its employees and their dependents through the Northwest Arizona Employee Benefit Trust, currently composed of three member cities. The Trust provides the benefits through a self-funding agreement with its participants and administers the program, and the City is responsible for paying the premium and requires its employees to contribute a portion of that premium. If it withdraws from the Trust, the City is responsible for any claims run-out costs, including claims reported but not settled, claims incurred but not reported, and administrative costs. If the Trust were to terminate, the City would be responsible for its proportional share of any Trust deficit. To protect the City against significant claims, a \$95,000 stop loss insurance policy is in place.

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

Consent Decree With Arizona Department of Environmental Quality

The City voluntarily entered into a Consent Decree with the Arizona Department of Environmental Quality (ADEQ) in 1997. This decree stipulated that the City would construct improvements and additions to the Bullhead City Wastewater System designed to expand the service area and capacity of the system.

The consent decree identified specific expansion requirements and the timeline in which those expansions must be completed. If the City fails to meet the specific performance requirements of the decree, ADEQ can impose monetary fines that range from \$1,000 to \$3,000 per day depending on the length of time that the City remains in noncompliance. The City is currently in compliance with the consent decree.

Litigation

The City is a defendant in various lawsuits, which arise in the ordinary course of its operations. The City is unable to predict the outcomes of these proceedings; therefore, no liability has been accrued in the accompanying financial statements.

Construction Commitments

The City has active construction projects and related commitments. The projects include flood control projects, traffic signals, Bullhead Parkway extension, and other city street maintenance and roadway improvement projects, temporary city engineering and design services. At year-end the City had approximately \$1,997,982 in commitments to contractors for construction projects.

9. Pensions

The City contributes to two plans as described below. For public safety personnel, state statute regulates retirement, death, long-term disability, and survivor insurance premium benefits. The plan is a component unit of the State of Arizona. Benefits for nonpublic safety personnel are established based on contributions to the plan. At June 30, 2025, the City reported the following aggregate amounts related to pensions/OPEB for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities
Net OPEB assets	\$ 513,534
Net pension liabilities	33,806,342
Deferred outflows of resources related to pensions and OPEB	7,550,425
Deferred inflows of resources related to pensions and OPEB	552,572
Pension and OPEB expense	4,601,897

The City reported \$4,839,138 of pension/OPEB contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

Defined Contribution Plan

The City has established a mandatory defined contribution deferred compensation plan for all employees not covered under the PSPRS. Contributions to the plan are administered by a third-party, ICMA Retirement Corporation (ICMA-RC). In accordance with GASB Statement No. 32, the City provides neither administrative services nor investment advice. Consequently, no fiduciary relationship exists between the City and the compensation plan. Therefore, plan assets are not included as a fund of the City.

The ICMA-RC is the plan administrator and trustee for the defined contribution plan and provides statements to participants. Reports may be obtained by writing or calling the applicable plan.

ICMA-RC
777 North Capitol Street, NE
Washington, DC 20002
(202)962-4600

Plan Description

In lieu of participating in FICA - Social Security, the City has defined contribution plan in accordance with Internal Revenue Code Section 401(a). The plan is available to all employees not covered under the Public Safety Personnel Retirement System (PSPRS). The plan is administered through ICMA Retirement Corporation (ICMA-RC), and participants are allowed to choose from various investment funds offered by the company. There are no securities of the City included in the plan assets.

Funding Policy

The plan is available to all full-time employees of the City, except police personnel who are covered under the Arizona Public Safety Personnel Retirement System (PSPRS). The plan requires participants to contribute 6.25% of their earnings and the City to contribute 9.05%. Normal retirement age is 65 (59 ½ effective July 1, 2002). Member and employee contributions are recognized in the period that the contributions are due. The employee's contributions is 100% per year of service for exempt employees and 25% per year of service for nonexempt employees. Thus, exempt employees are vested at 100% after four years of service. Employees who leave the City's employment before one year of service do not receive any of the employer contribution. The following describes the payroll and contribution requirements for the year ended June 30, 2025.

	Total Payroll	Covered Payroll	Percent of Covered Payroll	Required Contributions	Actual Contributions
Employer	\$ 29,225,954	\$ 19,741,138	9.05 %	\$ 1,786,573	\$ 1,786,573
Employee	-	19,741,138	6.25	1,233,821	1,233,821

City of Bullhead City, Arizona

Public Safety Personnel Retirement System

Plan Description

City police department employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent and cost-sharing multiple-employer defined benefit pension plan and agent and cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan. Although the PSPRS net OPEB asset has been recorded at June 30, 2025, the plan has not been further disclosed due to the relative insignificance to the City's financial statements. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool) which are not further disclosed because of their relative insignificance to the City's financial statements.

The PSPRS issues a publicly available financial report that include their financial statements and required supplementary information. The reports are available on the PSPRS web site at www.psprs.com.

The net OPEB asset has been recorded in the financial statements in accordance with GASB Statement No. 75, however, due to the relative insignificance of the plan, the OPEB asset has not been further disclosed in the notes to the financial statements at June 30, 2025.

Benefits Provided

The PSPRS provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefits terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

PSPRS	Initial Membership Date	
	Before January 1, 2012	On or After January 1, 2012 and before July 1, 2017
Retirement and Disability		
Years of service and age required to receive benefit	20 years of service, any age 15 years of service, age 62	25 years of service or 15 years of credited service, age 52.5
Final average salary is based on	Highest 36 months of last 20 years	Highest 60 months of last 120 years
Benefit percent per year of service:		
Normal	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0%-2.5% for each year of credited service over 20 years, not to exceed 80%	1.5%-2.5% per year of credited service, not to exceed 80%
Retirement		
Accidental Disability Retirement	50% or normal retirement, whichever is greater	
Catastrophic Disability Retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater	
Ordinary Disability Retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20	
Survivor Benefits		
Retired Members	80%-100% of retired member's pension benefit	
Active Members	80%-100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job	

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50% of the member's compensation for up to 12 months.

Health insurance premium benefits are available to retired or disabled members with five years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. Benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents.

Employees Covered by Benefit Terms

At June 30, 2025, the following employees were covered by the agent plans' benefit terms:

	PSPRS
	Police
Inactive employees or beneficiaries currently receiving benefits	57
Inactive employees entitled to but not yet receiving benefits	19
Active employees	<u>35</u>
 Total	 <u>111</u>

Contributions

State statutes establish the pension contribution requirements for active PSPRS employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contribution rates for the year ended June 30, 2025, are indicated below. Rates are a percentage of active members' annual covered payroll.

	PSPRS
	Police
Active members, pension	7.65-11.65 %
 City:	
Pension	72.16 %
Health insurance premium benefit	-

In addition, the City was required by statute to contribute at the actuarially determined rate of 72.16% of the PSPRS of annual covered payroll of retired members who worked for the City in positions that would typically be filled by an employee who contributes to the PSPRS and employees participating in the PSPRS Tier 3 Risk Pool in addition to the City's required contributions to the PSPRS Tier 3 Risk Pool.

City of Bullhead City, Arizona

Notes to Financial Statements
June 30, 2025

For the agent plans, the City's contributions to the pension plan for the year ended June 30, 2025, were:

PSPRS Police

Pension:

Contributions made	\$ 4,839,138
--------------------	--------------

During fiscal year 2025, the City paid 100% of the PSPRS pension contributions from the General Fund.

Pension Liability

At June 30, 2025, the City reported a PSPRS net pension liability of \$33,806,342.

The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS:

Actuarial valuation date	June 30, 2024
Actuarial cost method	Entry age normal
Investment rate of return	7.20%
Wage inflation	3.0-6.25% for pensions/not applicable for OPEB
Price inflation	2.5% for pensions/not applicable for OPEB
Cost-of-living adjustment	1.85% for pensions/not applicable for OPEB
Mortality rates	PubS-2010 tables
Healthcare cost trend rate	N/A

Actuarial assumptions used in the June 30, 2024 valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2023.

The long-term expected rate of return on PSPRS pension plan investments was determined to be 7.2% using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PSPRS Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
U.S. public entity	24 %	3.62 %
International public entity	16	4.47
Global private equity	27	7.05
Core bonds	6	2.44
Private credit	20	6.24
Diversifying strategies	5	3.15
Cash, Mellon	2	0.89
Total	100 %	

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Discount Rates

At June 30, 2024, the discount rate used to measure the PSPRS total pension liabilities was 7.2%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability

PSPRS - Police	Pension Increase (Decrease)		
	Total Pension Liability (Asset) (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balances at June 30, 2024	\$ 67,741,379	\$ 33,999,960	\$ 33,741,419
Changes for the year:			
Service cost	734,191	-	734,191
Interest on the total pension liability	4,801,684	-	4,801,684
Changes of benefit terms	-	-	-
Differences between expected and actual experience in the measurement of the pension liability	1,996,604	-	1,996,604
Changes of assumptions or other inputs	(3,571,039)	-	(3,571,039)
Contributions, employer	-	3,698,833	(3,698,833)
Contributions, employee	-	299,490	(299,490)
Net investment income	-	3,497,103	(3,497,103)
Benefit payments, including refunds of employee contributions	-	(3,571,039)	3,571,039
Administrative expense	-	(27,870)	27,870
Other changes	-	-	-
Net changes	3,961,440	3,896,517	64,923
Balances at June 30, 2025	\$ 71,702,819	\$ 37,896,477	\$ 33,806,342

Sensitivity of the City's Net Pension Liability to Changes in the Discount Rate

The following table presents the City's net pension liabilities calculated using the discount rates noted above, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

PSRS - Police	1% Decrease (6.20%)	Current Discount Rate (7.20%)		1% Increase (8.20%)
		Current Discount Rate (7.20%)	1% Increase (8.20%)	
Net pension liability	\$ 43,159,363	\$ 33,806,342	\$ 26,152,237	

City of Bullhead City, Arizona

Notes to Financial Statements

June 30, 2025

Pension Plan Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS financial reports.

Pension Expense

For the year ended June 30, 2025, the City recognized \$4,601,897 of PSPRS pension expense.

Pension Deferred Outflows/Inflows of Resources

At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

PSPRS - Police	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,481,603	\$ -
Changes of assumptions or other inputs	195,450	-
Net difference between projected and actual earnings on pension plan investments	-	506,504
City contributions subsequent to the measurement date	4,839,138	-
Total	\$ 4,839,138	\$ 506,504

The amounts reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	PSPRS Police
Years ending June 30:	
2026	\$ 1,454,646
2027	1,160,942
2028	(238,094)
2029	(206,945)
2030	-
Thereafter	-

City of Bullhead City, Arizona

Notes to Budgetary Schedules

Year Ended June 30, 2025

1. Budgetary Basis of Accounting

The City prepares its annual budget on a basis which differs from the GAAP basis. A budgetary comparison schedule for the General Fund and HURF Fund are all included as required supplementary information to provide meaningful comparison of actual results to budget on a budget basis. As a result, the budgetary schedule includes a reconciliation of the adjustments to convert the budgetary revenues and expenditures to revenues and expenditures/expenses on a GAAP basis, where the amounts are different. During the year ended June 30, 2024, there was no variance between actual expenditures/expenses (budgetary) and expenditures/expenses on a GAAP basis.

Year Ended June 30, 2025

1. Actuarially Determined Contribution Rates

Actuarial determined contribution rates for PSPRS are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	Level percent of pay, closed
Remaining amortization period as of the 2023 actuarial valuation	19 years for under funded 20 years for over funded
Asset valuation method	7-year smoothed fair value; 80%/120% market corridor
Actuarial assumptions: Investment rate of return	In the 2022 actuarial valuation, the investment rate of return was decreased from 7.3% to 7.2%. In the 2019 actuarial valuation, the investment rate of return was decreased from 7.4% to 7.3%. In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation, the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%.
Projected salary increases	In the 2017 actuarial valuation, projected salary increases were decreased from 4.0% - 8.0% to 3.5% - 7.5% for PSPRS. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5% - 8.5% to 4.0% - 8.0% for PSPRS. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0% - 9.0% to 4.5% - 7.5% for PSPRS.
Wage growth	In the 2022 actuarial valuation, wage growth was changed from 3.5% to a range of 3% to 6.25% for PSPRS. In the 2017 actuarial valuation, wage growth was decreased from 4% to 3.5% for PSPRS. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 40% for PSPRS. In 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS.
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	In the 2019 actuarial valuation, changed to PubS-2010 tables. In the 2017 actuarial valuation, changed to RP-2014 tables, with 75% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by 105% for both males and females).

2. Factors That Affect Trends

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes will increase the PSPRS-required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. Also, the City refunded excess employee contributions to PSPRS members. PSPRS allowed the City to reduce its actual employer contributions for the refund amounts. As a result, the City's pension contributions were less than the actuarially or statutorily determined contributions for 2018 and 2019.

Source: The various entities, Property Tax Rates and Assessed Values, Arizona Tax Research Association, State and County Abstract of the Assessment Roll, Arizona Department of Revenue and the Assessor of the County.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Bullhead City. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore, responsible for repaying the debt of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

Compliance Section

**Report on Internal Control
Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of
Financial Statements Performed in Accordance
With Government Auditing Standards**

Independent Auditors' Report

To the Honorable Mayor and City Council of
City of Bullhead City, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bullhead City, Arizona (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 19, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
