## ARIZONA REGISTRAR OF CONTRACTORS

*Douglas A. Ducey, Governor*

*Jeff Fleetham, Director*

Dear Residential Owner/Builder,

The Registrar of Contractors would like to inform you of the existing laws that may affect you if you are either contemplating or in the process of performing construction on a house or residence. Arizona Revised Statutes (A.R.S.) § 32-1121(A)(5) (the "Owner/Builder Exemption") provides an exemption in Arizona's licensing law that allows residential property owners to perform the work:

- A. Themselves, OR
- B. Jointly with their own employees, OR
- C. With duly licensed contractors.

However, the Owner/Builder Exemption does not apply if the structure or group of structures, including improvements, is intended for sale or rent. As an additional requirement, the construction project must be intended for occupancy solely by the owner.

If the property owner offers the structure(s) or property for sale or rent within 1 year of completion or issuance of a certificate of occupancy, then the Owner/Builder Exemption does not apply and the property owner may be charged with contracting without a license in violation of A.R.S. § 32-1151.

A property owner that undertakes a residential construction project under the Owner/Builder Exemption should also review other applicable federal, state and local rules regarding the duties, rights, and obligations of employers and employees, as the Owner/Builder Exemption does not relieve the property owner from complying with these laws. Specifically:

- A. Most employers must have federal and state employer identification numbers and pay unemployment compensation insurance.
- B. Most employers must deduct social security and federal income taxes from an employee's pay check and file quarterly or annual reports.
- C. Owner/Builders should also determine if their homeowner's insurance policy offers sufficient liability coverage, should the worker(s) be injured while performing work on the project.

Owner/Builders should contact the appropriate governmental agencies to ascertain their obligations when employing individuals.

You should be advised if you choose to maintain your own employees, the Registrar's office may not have jurisdiction in the event you file a future complaint, in which case you may not be eligible for the residential recovery fund.

If you have questions, please contact the Registrar of Contractors office at (602) 542-1525. Thank You.

### **ARE OWNER-BUILDERS TAXED?**

Under certain circumstances, owner-builders who are improving real property for themselves may or may not be the party liable for paying sales tax on the construction. A homeowner who is building his own principal residence is not normally the liable party. Each of the contractors or suppliers who provide materials and/or services are liable based on their income from the job.

However, the owner-builder may be liable for some additional tax if the property is offered for sale or sold prior to occupying the home for at least six (6) months after completion. Many Owner-Builders become Speculative Builders and are subject to tax based on the sales price of the real property.

A Speculative Builder is defined as:

1. An Owner-Builder who sells or contracts to sell, at any time, improved real property (as provided in Section 3.16-416) consisting of:
  - A. custom, model, or inventory homes regardless of the stage of completion of such homes; or
  - B. improved residential or commercial lots without a structure, or
2. An Owner-Builder who sells or contracts to sell improved real property, other than real property specified in (A) and (B) above:
  - A. prior to completion, or
  - B. before expiration of twenty-four (24) months after the improvements of the real property sold are substantially complete.

An Owner Builder who is building a commercial structure for sale is liable for tax based on the property's sales price. If the property is not sold within 24 months of the date it was completed, the tax is due on the 25<sup>th</sup> month following completion and is based on the cost of construction.

The liability for Speculative Builders occurs at the close of escrow or transfer of title, whichever occurs earlier. Certain exclusions, exemptions, and deductions may be subtracted from the gross income to arrive at the taxable income. Owner-Builders and Speculative Builders are encouraged to consult their tax professional for calculation of the tax liability.

## **BUILDING AUTHORITIES INSTRUCTIONS FOR BOND CERTIFICATES**

The following are guidelines for compliance with ARS § 42-5007. This law requires that building authorities obtain a certificate from the Arizona Department of Revenue to ensure that the bonding requirements has been met prior to issuing any building permit for projects of \$50,000 or more in value.

For projects of more than \$50,000 in value, contractors must present one of the following types of certificates prior to being issued a building permit.

- A. An annual bond certificate
- B. A one-time bond exemption for the project
- C. A receipt for a bond identifying the location of the project

**NOTE:** For contractors with the annual bond exemption, please ensure that the expiration date has not passed or expired. Samples are attached for reference.

If the annual bond exemption certificate has expired or the contractor does not have a certificate, advise the contractor to call Arizona Department of Revenue at (602)716-6056 or (800)634-6494 toll free.

If the contractor qualifies, a one-time exemption will be issued for the specific project for which the building permit is being requested. The one-time exemption will be faxed to the building authority so that the building permit can be issued. If qualified, the contractor will be mailed an annual bond exemption certificate.

When contractors do not have one of the acceptable forms of certificate, the Arizona Department of Revenue will advise them of further requirements. After the Arizona Department of Revenue determines that the contractor is exempt or must submit a bond, one of the following will be faxed to the building authority:

- A. A one time bond exemption for the project
- B. A receipt for a bond identifying the location of the project

For any questions regarding these procedures or assistance to contractors, please call the Bond Compliance Officer at (602)716-6056 or (800)634-6494 toll free.
